

8. Percentage of households at different levels of affordability citywide, future years

Example City: New York City

% increase in rates from 2013 - 2015 20%
% increase in rates from 2013 to 2020 50%

	2013	2015	2020
Average wastewater bill	\$ 450.00	\$ 540.00	\$ 675.00
Average water bill	\$ 300.00	\$ 360.00	\$ 450.00
Average combined water and wastewater bill	\$ 750.00	\$ 900.00	\$ 1,125.00
Total households	3,023,330	3,023,330	3,023,330

2013								
	Upper end of income bracket	Households WW costs, % of income level	Total water and WW costs, % of income level	Households within income bracket	% of households within income bracket	% of households within income bracket, cumulative	WW %MHI threshold	Total bill % MHI threshold
